BG Nexus - 13 Amp 2 Gang RCD Socket

Loading …

See product for Plugs, Accessories, Boxes and Grommets

Description

BG Nexus

13 Amp 2 Gang RCD Socket

The subtle design will blend with any décor - suitable

for domestic or commercial installations.

Latching operation

If the unit loses supply - perhaps in a power cut or when a hazardous earth fault occurs

the RCD will trip and cut the power supply. When the supply resumes through the RCD, the appliance

will revert to the original state, making it particularly useful for protecting indoor appliances such as refrigeration units. Due to latching operation, for safety this product should not be used for outdoor power tools and garden equipment.

Anti-microbial
protection
as standard

facilitating 99% reduction in bacterial development on touch point surfaces.

Manufactured using high grade thermoset Urea which effectively inhibits the growth of infectious diseases, including MRSA etc.

BG Smart App:
See product for Accessories, Boxes and Grommets
Description
BG Nexus
2 Way Push Smart Dimmer - 150W LED

Take control of your lighting from anywhere with Smart dimmers from British General. These Smart dimmers allow you to operate your lights remotely in the BG Smart App, locally using the dimmer switch or using just your voice with your favourite voice assistant.

Control, schedule and dim lighting in the home via touch, voice commands or the BG Smart App

Set timers, scenes, random operation and adjust the lighting level to set the mood

Pair via Bluetooth and connect to your home WiFi (2.4GHz) - no hub or subscription required

2-way switching allows operation from a second location when using a BG Smart master dimmer in conjunction with a BG Smart secondary dimmer

Works with Alexa, Siri and Google for hands free voice control

Straightforward installation with captive terminal screws and no neutral required, fits a 25mm back box

Overload protection protects lamps, with soft start and the ability to switch between trailing and leading edge in the App

Onboard your other BG Home devices with BG Connect, and control all your devices in one App

The dimmer can still be operated via the App even if the switch is turned off at the wall, providing an advantage over smart lamps

Compatible with incandescent, halogen and dimmable LED's (minimum 10W)
